

About Us

The District 300 Foundation for Educational Excellence was founded in 2002 to help enhance, enrich and extend learning opportunities for all District 300 students.

Monetary and in-kind donations received through business partnerships, community events and fundraisers have allowed the Foundation to award over one million dollars in classroom-based and district-wide grants. These grants fund projects that provide enrichment activities, supplement resources for unique learning needs and support creativity and innovation among District 300 educators allowing them to extend extraordinary learning experiences to our kids!
